BIG RANCH AT PORTOLA SOLD FOR $200,000

The Ormondale company has sold all its holdings at Portola, consisting of 1,300 acres, live stock, etc., to Joseph Macdonough. The consideration was $200,000. In certain respects the transfer was not a real sale, as Macdonough owned all the stock in the company, but for business reasons he wanted the title to the property to be placed in his name. His ambition is to raise the finest Shorthorn cattle in the country and only recently he paid $12,000 for a bull that arrived at the farm yesterday. The officers and stockholders of the company were J. A. Donohoe, A. S. Baldwin and E. L. Eyre.

FINE ENTERTAINMENT AT NOTRE DAME CONVENT

The entertainment given at Notre Dame Convent on Thursday in honor of Ireland's patron saint, Saint Patrick, was largely attended by parents of the young performers, who acquitted themselves well, showing the result of their training and many rehearsals. The Rev. Fathers J. J. Sullivan and Cornelius Kennedy were present. After complimenting the pupils who took part in the program, Father Sullivan gave the children a holiday yesterday. The good sisters deserve credit for the fine manner in which the children were schooled for the performance.

JURY DISAGREES IN JAMIESON DAMAGE SUIT

The trial of the $25,300 damage suit of W. K. Jamieson of Burlingame against the Peninsula Rapid Transit Company, F. J. Linz Motor Company and S. D. Hastings resulted in a disagreement in the superior court Tuesday afternoon. The jury of four women and eight men were divided 6 to 6 on the verdict and informed Judge Buck they could not agree.

Jamieson asked damages for injuries received by his daughter, Melba, last year when an automobile owned by the Linz company and driven by Hastings collided with a Peninsula Rapid Transit bus. Miss Jamieson, who was a passenger on the bus, testified that owing to a scar on one of her arms caused by the accident she can no longer wear evening dresses without being the object of much curiosity. She also claims she suffered other injuries of a more or less permanent nature.

Mrs. Jennie Fenton, a nurse living on the Woodside road, was arrested Tuesday by Deputy Sheriff T. C. McGovern on complaint of Harry Weeden, a Menlo Park contractor, who charges her with grand larceny. According to Weeden, who has been building a house on the Selah Chamberlain estate near Woodside, a large quantity of lumber stolen from him was was found in the basement of the Fenton home, Woodside.

JOHN MacBAIN

The Times-Gazette man in conversation with H. C. Tuchsen yesterday learned that he will not be a candidate for supervisor of the third township. For some time it has been current rumor that he would be a candidate. Mr. Tuchsen is a practical man, efficient, and would make a splendid supervisor for the district. His friends, knowing his qualifications, have been urging him to make the race. In order to set all rumors at rest Mr. Tuchsen has formally announced that he will not be a candidate for the office.

H. W. Warren, who some time ago announced his intention of running for the office, has withdrawn He is to engage in the manufacture of soda water and will have no time to make the race

This leaves the field clear for John MacBain, who has so ably filled the position for the past eight years The highways in his district are in such good condition, and as he is improving them every month, it would be impracticable to make a change in the office at this time Moreover he has learned by long experience how to make good roads and keep them in repair As chairman of the board of supervisors he has made a record that would be difficult to equal Mr MacBain will most likely have no opposition in the campaign No other name is mentioned in connection with the office

HENRY CONLIN TO APPEAL CASE

Henry Conlin, through his attorney, Charles W. Cobb, has filed a notice in the county clerk's office to the effect that he will appeal the suit entitled Emma Rose and others against Henry Conlin and others to the supreme court. The appeal is to be taken from the judgment rendered by Judge Hudner on February 21, 1920, in favor of plaintiff for $21,000. The action grew out if a judgment secured against the Southern Pacific Railroad Company for a right of way at San Mateo. Mrs. Rose claimed the money for the reason that she owned the land over which the track was laid, while Conlin, who was an assignee of the claim, contended that he was entitled to it for the reason that the former owner of the property, held through a mortgage and since foreclosed, initiated the suit and was the owner of the land when it was brought and who secured the original judgment.

FATHER OF JOHN D. WILLARD PASSES AWAY

All that was mortal of David Benedict Willard, a civil war veteran, was laid away in Alta Mesa cemetery on Thursday. Services were held in the Palo Alto Methodist Episcopal church.

The deceased was the father of John D. Willard, the well known attorney of this city and San Francisco. Mr. Willard has the sympathy of the community in his sad bereavement.

Mr. Willard was born in New York 79 years ago and served with Company B, 37th Wisconsin Volunteers, in the civil war. He fought under General Grant and was severely wounded two days before the surrender of Lee. After the war he settled in Nebraska and engaged in business there. In 1902 he retired and came to California with his wife, settling in Palo Alto. Three years ago Mr. and Mrs. Willard moved to Redwood City to make their home with their son, and Mrs. Willard passed away about a year ago.

Mr. Willard was a member of McKinley Post, G. A. R., of Palo Alto, and a past commander of the post. He is survived by three sons, Milton H. and William H. Willard of Nebraska, and John D. Willard of Redwood City

SISTERS DIE WEEK APART FROM "FLU"

Friends of the Steele family of Pescadero were shocked during the week to hear of the deaths of the Misses Emma and Clara Steele, who passed away within a week from influenza at the family home, the Green Oaks ranch, below Pescadero. Miss Emma Steele, who was about 32 years old, died a week ago, and her elder sister passed away on Friday. They were the daughters of Mrs. Chloe R. Steele and the late Fred Steele and sisters of I. THE WEEK'S EVENTS IN LOCAL CIRCLES

A very attractive entertainment is to be offered to the public by the Baptist people directly after Easter. The date will probably be Friday evening, April 9. Mr. J. H. Howe, a Welsh comedian, in a class with Harry Lauder, will render numerous selections of song and recitation. There will also be shown two choice reels of moving pictures. Fuller announcement will be made later.

Williams of New Richmond, Wisconsin, who passes the winter months at his home at that place. Donald Williams contemplates a visit in May with his family to the east. They will be gone for several months.

A jury in the case of Maurice Felix against J. W. Conkle after deliberating for ten minutes brought in a verdict in Judge Griffin's court on Wednesday afternoon in favor of the defendant. The parties to the suit were neighbors living on the highway below Five Points. On January 17 Conkle shot a dog belonging to Felix badly wounding the canine. Mrs. Merriman, the officer of the State Humane Society living at Palo Alto some time ago filed charges against Conkle. At the trial Conkle showed that the dog had killed his chickens and was therefore justified in shooting the animal. Attorney Smyth of Palo Alto represented Conkle. Felix was not represented. He conducted his own case.

Judge Hudner modified his opinion rendered some weeks ago in the case of the Century Music Company against Carl Muller and others. At that time the judgment was given in favor of defendants. Yesterday the court held that Muller was personally responsible for the bowling alleys. He prevented the owner from taking them out of the building belonging to defendants, claiming a lien on the property. The bowling alleys are valued at $2,800, although some of the witnesses testified at the trial that they were not worth near that sum. The court will later fix the amount.

He has leased the Germania Hall corner from Miss Bertha Kuck and is having the place remodeled and when opened it will be a credit to the community. Ben Zimmerman, the local contractor, is donig the work.

The Aviation Day committee had a very enthusiastic meeting last Tuesday night. The chairmen of the various committees reported that everything was in readiness for the biggest day Redwood City has ever had. Most of the fraternal organizations had their representatives at the meeting and promised to do their part in making the day a great success. The schools and Woman's Club will also participate.

Tonight is the night of the dance given by the Aviation Day committee in the Forester's Hall. Everyone should be there so as to make this dance a success. The funds are to be used in financing the May Day celebration, which promises to be Redwood City's biggest day. Dancing commences at 8 o'clock sharp and the music is by Mullen's orchestra.

REAL ESTATE SALES —BY LAMBERT & WALKER

Real estate sales by Lambert & Walker show a healthy condition of the business in San Mateo county, besides the number which have been sold they have negotiations on hand for several other well known properties which they are not at liberty to mention today.

Just beyond the city limits at the rear of Wellesley Park they sold the residence and 31-3 acres for C. H. Hayden to H. De Young of Acampo, San Jacinto county, who intends to move his charming family to this section July 1.

They also sold to Paul Goodloe of San Franciso two holdings aggregating nearly six acres on the Canyada road just west of Wellesley Park, and adjoining the Matson home. Goodloe intends to put up nice improvements this summer and will improve his acreage, adding one more beautiful country place to this charming neighborhood.

HIRAM W. JOHNSON SEEMS TO BE THE CANDIDATE

From reports received from many states in the Union it would seem as though Senator Hiram W. Johnson is in the lead for the presidential nomination and is making splendid headway everywhere. The friends of the great senator feel much encouraged by the strides he is making in the east. They feel certain that he will secure the nomination. That of course means his election.

Senator Hiram W. Johnson is universally recognized as one of the few men under serious consideration for the Presidency of the United States. Notwithstanding his residence in the far west, his record of brilliant service and his courageous personality have made him a dominant figure.

In the absence of any nation-wide organization to promote his candidacy, there has been a spontaneous and insistent discussion of his name in every section of the country, indicating a wide-spread appreciation of his pre-eminence in those strong qualities of character and ability which will be essential in the future administration of the highest office in the land.

Born in acramento, California, in 1866, he is now, at the age of fifty-three, at the height of his physical and intellectual powers. He comes from good American stock. He was married in 1887 to Miss Minnie McNeal, of Sacramento, and they have two sons, Hiram W. Johnson, Jr., and Major Archibald M. Johnson.

Hiram Johnson's political career began in 1910 when he was elected Governor of California. Before that time he had earned a statewide reputation as a great lawyer. A young man then, his rise to the top of his profession had been rapid, due solely to his ability and industry.

Johnson's career as Governor is an epic of constructive achievement. Prior to his election California was regarded as a backward state from the standpoint of liberal, progressive legislation. During his administration it came into the forefront of the states of the Union in this respect. He redeemed his promise to emancipate the state from railroad bondage by bringing about the enactment of an enlightened public utility law, which put into practice with conspicuous success the modern principles of regulation. In framing the new law Governor Johnson made it plain that he was determined to be fair both to the people and to the corporations. He consulted the best disinterested experts on public service and called in as well the representatives of the railroads and other public utilities. The result was that the law, administered by a highly efficient Railroad Commission, not only effected important economics and improvements in service for the public, but rescued the corporations from enforced participation in dirty politics, and today it is indorsed by the people generally and by public utility officials as an instrument of justice and security.

SAMUEL M. SHORTRIDGE RECEIVES ENCOURAGEMENT

Samuel M. Shortridge, the republican candidate for the senatorship, is receiving encouraging letters daily from all portions of the state offering support and assistance in his candidacy. He is the people's candidate and they will elect him. He has no long sack to open but he has ability and eloquence that will make up for this short coming. Mr. Shortridge would make an ideal senator, one who would have the respect and confidence of the nation.

California Needs More Electric Power

Teh progress of California in wealth, population and industry will be retarded in proportion as hydro-electric development is delayed!

THEREFORE, Let it be the vital concern of every citizen in the State to do everything in his power to further the development and utilization of our great water-power resources.

HOW CAN YOU HELP

By making your contribution to the enlightened thought and sentiment of the community in favor of extensive power development.

By investing in Power Company securities, a safe and sound outlet for your surplus with assured income at the highest rate contissene with non-speculative investments.

By giving moral support and encouragement to every legitimate enterprise that looks toward the development of electricity from the rivers that ar enow running to waste.

WHY YOU SHOULD HELP

BECAUSE you and your business will benefit through trade expansion that **must** and **does** follow the extension of electric service.

BECAUSE much of the money needed must be gotten from Eastern investors and confidence at home begets confidence elsewhere Back up the industries that minister to your own welfare.

BECAUSE water-power resources are **wasted only when unused.** When it becomes necessary to generate electricity by means of fuel, other valuable resources that cannot be replaced are exhausted.

Mrs. Ida Houghtailing of Berkeley who has been visiting friends and relatives on the peninsula was at the Cowgill home over the week-end.

Miss Ellen Bartlett of Berkeley who addressed the Federation of Women's Clubs of San Mateo court at their recent monthly meeting held in San Mateo is a sister of Mrs. Fred H. Bartlett of San Carlos.

Mr. John P. Duffy who took charge of the Peninsula Rapid Transit properties as general manager the 15th of this month is an old acquaintance of the Hull-Shields families who have known him since he began his railroad career with the Southern Pacific company many years ago. It was at a large advance in salary that Mr. Duffy was tempted to leave his former employer, and he brings to his new position a wide experience in the transportation world which will mean much to the company he now represents in the matter of improved methods and advanced facilities for the accommodation of the patrons of the local transportation company. It is predicted that Mr. Duffy will prove very popular both with the employees under his supervision and the public as well, owing to his pleasing personality and his spirit of fairness, having himself came up from the ranks as messenger boy.

Some sage has remarked afore time, that it takes a smart man to keep from getting married; but this sort of wisdom is a handicap when it comes to seeking the nomination as candidate for school trustee in San Carlos, as a big majority of the people of this city have decreed that

BOARD OF SUPERVISORS IN REGULAR SESSION

The board of supervisors met in regular session Monday, March 15, 1920 at 10 a. m., there being present Chairman MacBain, T. L. Hickey, Mrs. Rosalie B. Brown, Jos. M. Francis and Dr. C. V. Thmopson.

A comunication was read from Mrs. Nash, the clerk, from Mrs. Rosalie M. Brown, in which she expressed her thanks and appreciation for the resolutions adopted by the board out of respect to her late husband, Supervisor William H. Brown.

Frederick H. Sommers, San Francisco realty operator and the owner of several tracts of land in Dumbarton Oaks, south of Redwood City, addressed a communication to the board in which he stated that he received complaints from a number of purchasers of lots in the tract on account of cows and goats being allowed to pasture on their holdings and on the streets and sidewalks of the tract.

Sommers asked the board to take some action to abate the alleged nuisance. The communication was ordered filed.

A communication was received from Mrs. Julia Fassler of Pomponia in which she again took up with the board the matter of securing some compensation from the county for alleged damage to her property caused at the time of the changing of the route of the county highway near her place. County Surveyor George A. Kneese, to whom the matter had been referred at a previous meeting, stated that he would make a survey of the two roads as soon as he could and ascertain the amount of damage done. Mrs. Nash, the clerk, was directed to notify Mrs. Fassler to this effect.

Attorney F. A. Reynolds, representing the petition before the board asking for the building of a road through the Domingo tract and the Felton estate near Menlo Park in the Third township, presented the written consent of the owners of the Felton estate to the road going through their property. This document was ordered filed.

The price fixed by the viewers for the purchase of the necessary right of way for the property through the Felton estate was $665, and it was decided by the board, on motion of Hickey, seconded by Thompson, to take the money necessary for this purpose, out of the general fund.

A check in the sum of $34.70 was received from the International Indemnity Company of Los Angeles, covering damages to one of the Ford touring cars belonging to the county, incurred September 16, 1919. The money was ordered turned over to County Treasurer P. P. Chamberlain.

A communication was received from the Palo Alto Chamber of Commerce, enclosing a copy of a resolution adopted by that body in which they strongly favored the maintainence of the Base Hospital in its present location and asking the board of supervisors to adopt a similar resolution.

Chairman MacBain made an order directing Mrs. Nash to write the above organization and state that the supervisors would not adopt such a resolution or any part of it.

Eli D. Moore of Pescadero sent a communication to the board in which he tendered his resignation as poundmaster of the Fifth township. In his letter he stated that there was nothing in the job for anyone.

On motion of Thompson, seconded by Hickey, the resignation of Moore was accepted.

The board, on motion of Hickey, seconded by Francis, voted to accept the recommendation of the American institute of Architects, heretofore submitted, in connection with the program for the new county hospital, the recommendations being made a part of the program. A copy of the recommendations was ordered sent to each of the competing architects.

On motion of Hickey, seconded by Thompson, it was ordered that the architects have until May 3, 1920, at 10 o'clock a. m., for submitting their plans for the hospital.

In accordance with their petition submitted some time ago, the trustees of Leland Stanford Junior University were given permission to proceed with the work of raising the grade of the Portola road at Searsville in order to allow for their contemplated plans of raising the Searsville dam. The work is to be done in accordance with plans submitted by the University trustees and now on file in the office of the county clerk.

In compliance with a request of the board, District Attorney Swart submitted a written opinion covering the legality of the claim of Mrs. Annie McKnight of Menlo Park for damages for the loss of a cow which was killed by a railroad train last December when a fence along the Southern Pacific company's right of way was left open by men hauling rock for the county. The district attorney in his opinion stated that the evidence presented in the case showed that Harry Morey, Jr., who had done the hauling, was an independent contractor for the county, and that the law provides that the county is not responsible for the negligence of independent contractors.

A number of decisions rendered in similar cases was submitted by District Attorney Swart.

The opinion was received and ordered filed.

Chairman MacBain addressed the board and stated that the Social Service Commission was in need of 175 yards of material to be used by the Redwood City Woman's club in sewing for the needy of the county. The chairman explained that there was no money in the funds of the Social Service Commission to purchase this material and he suggested that the money be taken from the general fund.

On motion of Francis, seconded by Thompson, County Purchasing Agent Werder was authorized to purchase the above goods and charge the bill to the general fund.

Dr. John R. Iverson, chief of the Division of Animal Industry at Sacramento was present at the meeting of the board Monday and discussed with the supervisors the matter of adopting an ordinance covering the inspection of meats in the county and the appointment of a meat inspector. He spoke of the urgency of such an ordinance in order to insure a healthy supply of meat, and suggested that the ordinance, if adopted, include the inspection of slaughter houses and embody the inspection of dairies.

District Attorney Swart took up with Iverson the matter of inspection of cows owned by private individuals and the chief said that the State would make such inspection at any time upon request and free of charge.

In answer to a question of District Attorney Swart, Iverson stated that from his observations he believed conditions were such in the county as to justify the needs of a meat and dairy inspector. The State official further said that he would be glad to co-operate in every way with the district attorney in getting up a suitable ordinance covering the matter.

Illness Costs U. S. Wage Earners Billion Dollars Every 12 Months

The annual sick bill of 30,000,000 American wage earners is $1,000,000,000.

The time clock of the nation shows that each worker, through sickness, loses an average of nine days. This means that the working time of the nation is decreased by more than 850,000 years.

Half of the billion-dollar sick bill represents wages lost—subtracted from the total of earnings expected to finance the budgets of millions of families. The other half represents the bill for doctors, nurses and medicines. And the total is twice the amount given annually in the United States for all philanthropic purposes, in normal times.

This is the problem of illness as it is presented by the survey now being made by the Interchurch World Movement.

The survey has formulated a program as a proposal for the cooperative effort of the evangelical churches. An increase in the efficiency and capacity of existing denominational hospitals is the first provision of this program.

Construction of 31 new hospitals is the second. These hospitals include 12 general hospitals for white people; twelve for negroes; one tuberculosis sanitarium for Arizona; four hospitals for incurables and two children's hospitals.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

Asa E. Hull made a flying trip to Hollister last Tuesday morning to look after his string of dairy cows which he has farmed out to one of the ranchers in that section. Mr. Hull is considering an offer for the sale of his dairy cattle.

C. E. Haydock, clerk of the school board has appointed the following persons to serve on the election board at the school election Friday the 26th Frank S. Quinn, inspector and Mesdames Mary H. Johnson and Clarice S. Marvin, judges. Mr. Haydock is a candidate to succeed himself, while no one has definitely announced themselves as opposing candidates.

An entire fleet of trucks from the Poole drayage outfit of Redwod City was required to handle the heavy hauling from the San Carlos station one day last week.

Miss Anna Wees from Spokane, Washington, has come to California for an extended stay and is visiting at the home of her sister, Mrs. Tom Plowman. Miss Wees is very much impressed with California and its delightful climate as compared with the climate in the north and she rather hopes to make her home permanently in this state.

Mr. M. Martini editor of one of San Francisco's Italian daily papers, has moved his family down from the city into one of the Hurlbut apartments. Mr. Martini has come to San Carlos with the view to buying property and building a home should the climate and other conditions prove satisfactory to himself and family.

Mr. M. T. Moses past head consul of the Woodmen of the World and now editor of the Pacific Woodmen, official organ of the society, and district organizer Van Orsdel were here last Friday in the interests of the organization.

Mr. Newton Peck the popular tree doctor is forced to make daily trips to San Carlos to inspect the many shipments of trees that are arriving here this season.

Contractors Jones and Pollard have been awarded the contract for the construction of a six-room bungalow and garage on the property of Mr. G. M. Dorsey of Palo Alto on Walnut street, between the Mahany and Hamel homes. Mr. Dorsey will move here as soon as his now home is completed.

Mr. John A. Marchant, Sr., came over from Alameda to visit the week-end at the home of his son, Jno. A. Marchant, Jr.

Frank S. Quinn met with a painful acicdent last Thursday night when thrown from his motorcycle on Laurel street near his home. He was returning rfom the picture show at Redwood City about ten o'clock at night and just after turning from Olive into Laurel street his machine struck a deep rut throwing him to the ground. In some manner his thumb was caught in the chain of the machine which continued to run after it had turned on its side. The end of the thumb was so badly crushed that an operation was necessary. Dr. Null of San Carlos and Dr. Gregory of Red wood City performed the operation at the Peninsula hospital at Palo Alto very shortly after the accident when young Quinn was taken there in Dr. Null's machine. The thumb was taken off at the first joint and the stub is healing nicely and Frank expects to be back at his work about the first of next month.

Mesdames Fred H. Lippman and Jack Cowgill attended the regular monthly meeting of the San Mateo County Federation of Women's clubs at San Mateo last Thursday and each report a very interesting and instructive meeting.

Those who have employed non-union workmen in construction work here have found it to be a very expensive experience in the long run. Nothing succeeds like organized effort.

Mrs. Ida Houghtailing of Berkeley who has been visiting friends and relatives on the peninsula was at the Cowgill home over the week-end.

Miss Ellen Bartlett of Berkeley who addressed the Federation of Women's Clubs of San Mateo court at their recent monthly meeting held in San Mateo is a sister of Mrs. Fred H. Bartlett of San Carlos.

Mr. John P. Duffy who took charge of the Peninsula Rapid Transit properties as general manager the 15th of this month is an old acquaintance of the Hull-Shields families who have known him since he began his railroad career with the Southern Pacific company many years ago. It was at a large advance in salary that Mr. Duffy was tempted to leave his former employer, and he brings to his new position a wide experience in the transportation world which will mean much to the company he now represents in the matter of improved methods and advanced facilities for the accommodation of the patrons of the local transportation company. It is predicted that Mr. Duffy will prove very popular both with the employees under his supervision and the public as well, owing to his pleasing personality and his spirit of fairness, having himself came up from the ranks as messenger boy.

Some sage has remarked afore time, that it takes a smart man to keep from getting married; but this sort of wisdom is a handicap when it comes to seeking the nomination as candidate for school trustee in San Carlos, as a big majority of the people of this city have decreed that they won't have and childless persons to look after matters that so vitally affect the future of their offsprings, while a minority think it might be a good thing to have some one with no children of their own to scrap over.

Owing to some slight inequalities in the assessed valuations of some few of the properties in San Carlos and complaints which have reached Assessor Flynn's office respecting the same, he has suggested that the San Carlos Club appoint a committee of San Carlos residents to go carefully into the matter making such changes in the present rating as they may think will be equitable and just and prove satisfactory to all concerned, and submit a report to him for his consideration and action, after which he will make such changes as the recommendations may warrant. When the matter was brought to the attention of the club by its president last Wednesday evening it received the hearty endorsement of the members and the committee on committees of which Mr. Sam E. Schooley is chairman was instructed to name a committee to take up this work immediately and report their findings back to the club at the next meeting. A very competent committee, in the persons of Asa E. Hull, Fred H. Drake and Rhuben P. Hurlbut, were appointed, and which gives promise that when their report is rendered it will prove satisfactory to all concerned as each of these gentlemen should be splendid judges in the matter of land and property values.

The country is still saved as William Randolph Hearst again offers himself upon the altar of patriotism, (and not for place and for power,) and is willing to make the supreme sacrifice, if need be, in taking upon himself the great task of running this government as president of these United States. It is to be hoped that he will escape much of the fire and shell shock that the present incumbent of the White House has suffered during these strenuous times.

Mr. John E. Carlson the proprietor of the Home Supply company of San Mateo was a visitor in San Carlos last Thursday.

A NEW ENTERPRISE FOR REDWOOD CITY

William H. Warren, a well-known business man of this city, is about to engage in the manufacture of soda water and other temperance drinks. He has leased the Walter Knight property on the highway near town. He will install the necessary machinery next week. Mr. Warren hopes to be ready for the manufacture of his products on April first. He is a good business man, having experience in this line some years ago. His many friends on the peninsula predict success for the enterprise.

YOU SHOULD KNOW ABOUT THE

Duplex ALCAZAR Range

It combines the 'Comfort' and 'Economy' of a coal and wood range during the winter, spring and fall with the 'Convenience,' 'Comfort' and 'Economy' of Gas Range during the summer months. Gas and Coal or Wood can be used at the same time or separately, just as desired.

NOTHING TO TAKE OUT OR PUT NI

There is nothing to lift out or to interchange. Simply "Pull or Push" a patented lever at lower right side of range and oven is ready for use with either fuel. **It is as easy as turning on or off the water faucet in the kitchen sink.**

It is a range that is complete in itself and provides real 'Convenience.' It is not a make-shift with numerous parts to pull out and leave standing around the kitchen. Such stoves are a nuisance and add worry to the troubles of the neat housekeeper.

It is not to the liking of the **Twentieth Century** Housewife to add to her difficulties. She does not want to be a machine. Her aim is to lighten, not complicate her kitchen work. She is seeking the "Happiness of her Home," and knows that it largely depends upon the kitchen range.

To the end of Happiness the Duplex Alcazar is in a class alone and that accounts for its popularity.

THE PROBLEM IS SOLVED

Many men have evinced a desire for a shoe that besides having a neat and attractive appearance, would go a step further and bring with it an air of strength and durability, suitable for the hard, tearing wear of a red-blooded viril man.

A shoe which just answers this need is the Brogue. Comfort, strength and distinctive MAN'S type, mark the chief characteristics of the large stock here. Built of Cordovan and Norwegian Grain Leather, strong reinforcements throughout, this shoe will make a strong appeal to those who consider serviceability and comfort as well as good appearance.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Rev. Harbald, the new pastor of the Presbyterian church, was installed Thursday night of last week with appropriate ceremony by the congregation. A neat program was rendered. About fifty persons were present including Dr. A. Reid and Dr. and Mrs. Phillips and Mr. J. Duncan of San Francisco. Miss Nona Reid beautifully sang "The Ninety and Nine." She is a warbler of note and resides in San Francisco. After the ceremony a sumptous dinner was served in the parlors of the church. Rev. Harbald was formerly pastor of the Golden Gate Presbyterian Church of Oakland. He has built a home in Palo Alto where he will reside.

The new manager of the Roos Brothers store at Palo Alto is A. W. Cerkel of San Francisco. He is a courteous gentleman, who knows the wants of the people and is willing to supply them. Roos Brothers do a tremendous business in Menlo Park and Atherton.

Mr. J. Stein has sold his home near the James Rapley place close to the highway to San Francisco parties. Mr. Stein erected the dwelling during the war and was engaged in the coffee business at the camp.

J. E. Bennet and family have moved down from the city to occupy their home in the Drexler tract. The parties who occupied the beautiful home all winter have moved back to the city.

J. B. Gibson, who came here when Camp Fremont was established and bought the Harry Seal property on Santa Cruz avenue where he did a thriving photograph business, has moved to the city. For over a year he has been a commuter.

Last Saturday "Chick" Black of Redwood City while riding a motorcycle on the highway near town collided with Charles Weeden's automobile. Black sustained a fracture of the right arm. The mishap was no fault of Mr. Weeden as he was going slow and was conforming with the speed laws. Black was driving at a high rate of speed.

The many friends of Mrs. John MacBain will be pleased to learn that she is now able to sit up and is on the road to recovery. She has been confined to her bed for over a month.

W. L. Growall has sold his pretty home at Atherton, consisting of ten acres of land, a fine dwelling and well kept grounds, to Mr. Cadwalder of San Francisco, but recently of Manila. He is engaged in hardwood flooring business and is very wealthy. Mr. and Mrs. Growall depart for Palo Alto next week to reside until the close of the Palo Alto high school next summer. Their son, Montel, is attending that institution. The Growalls will permanently reside in the city. Mr. Cadwalder will occupy his new home early next week.

One of the buses of the Peninsula Rapid Transit Company ran into a Ford at the intersection of Santa Cruz avenue and the state highway, badly wrecking the car. Some measure will have to be taken to prevent the company's San Jose bus from going through town at a rapid rate of speed. This bus speeds through at 50 miles an hour. It is a wonder that some one has not been killed before this. The citizens will take the matter into their own hands very soon if something is not done and put a stop to this speeding once and for all.

The rainfall during the week was half an inch, making the total of 7.15 inches for the season. A good crop is now assured.

Al Gale will be a candidate for re-election as trustee of the Menlo Park school at the election to take place on March 26. Mr. Gale will have no opposition. He has held the position for many years, filling the place with honor to himself and the district.

Lost—Between the Catholic church and the Southern Pacific depot and the highway, a gold breastpin with point sutter and ruby setting. A reward will be given to the party returning same to the Duff & Doyle store. An umbrella belonging to the same party was taken from the Southern Pacific depot. Finder will be rewarded by returning it to Duff & Doyle.

Next week John MacBain will begin the erection of a dwelling in the Selby tract for Fred Kempff. It will cost $10,000.

The cul de sac known as Dominga avenue will be continued to Encinal avenue, connecting that street with Glenwood avenue. A deed to the strip of land was given by the Felton estate recently to the county. Supervisor MacBain will at once begin the construction of the road.

Fred Nessler of the "Little Green Door" has stocked his place with a good supply of Easter novelties, Easter eggs, booklets, etc. Mr. Nessler has arranged to give every little boy and girl a gift on Easter Sunday.

The entertainment given in the Hall of the Nativity last Saturday evening was a large success. Lambert's minstrels of San Francisco were much appreciated by the big audience that clapped their approval with gusto.

F. L. O'Neill, superintendent of the T. C. Walker place for the past eight years, departs for San Francisco on Monday to reside permanently. The new owner of the home, A. S. Murphy, will take possession of the property on that day.

FINAL DECREES GRANTED

Judge Buck has granted a final decree of divorce to Anna Bond from her husband, George Bond. The interlocutory decree was granted March 11, 1919, on the ground of extreme cruelty.

The court also granted a final decree to Fred Hathaway from his wife, Anna M. Hathaway. The interlocutory decree was granted on March 11, 1919, on statutory grounds.

THE F. F. MOULTON WILL FILED

Mrs. Phyllis Moulton Merrill and her husband, C. H. Merrill, have filed the last will and testament of F. F. Moulton, who died on March 11, 1920. The will is dated May 18, 1917. The value of the estate is not given, except that it is largely in excess of $10,000. The greater portion of the estate is bequeathed to Mrs. Merrill, the daughter of the decedent and his only child. Three sisters, Alice Warden and Addie Abbott of San Francisco and Florence Martha of Chicago are each left $500. Louis Pierce of Suisun, a stepson, is also left $500. The residue of the estate is bequeathed to the daughter. Ross r Ross are the attorneys for the petitioners, who are named as executrix and executor, respectively, to serve without bonds.

The San Mateo County Building and Loan Association has just matured series No. 65 and the sum of $10,800 distributed to shareholders.

The Association is now thirty years old, has assets of $390,000 and is advancing year by year. A new series is opened every three months. Get a few shares now and accumulate a competency. Schaberg secretary. The other directors are Dr. J. L. Ross, A. D. Walsh, Asa E. Hull, J. F. Johnston and J. B. Perry. A new series is just opened Drop into the office, 90 Broadway and secure your hasres.

Parties desiring loans will profit by investigating the Association plan of loaning where your rent money practically pays for your home. The hundreds of satisfied customers throughout the county, borrowers and investors, are the best testimonials the Association can offer.

A NOTE TO J. C. COWGILL

To J. E. Cowgill, chairman board of school trustees. Sir: It would be a calamity if another of the "fair sex" be elected, and a greater one were you to resign, Mr. Chariman.

It is so comfortable, is it not, to attend the monthly meetings, smoke cigars, discuss the news of the day—and go home?

We need more playground space, which would have been ours for a little trouble. Now it is too late! Were you asleep, Messrs. Clerk and Chairman of the board, to allow the adjoining grounds to be purchased for private homes, where your children and my children and their children in turn should be playing? We are told that recreation is part of their education; as it is they know not where to turn. Again, "Dear Male Members" of the board, were you asleep?

The people were taxed for playground apparatus. We have a portion of it, the least essential. Was the task of purchasing so arduous, you of the "sterner members," that the community's children should go without their playthings?

The school is our one public building. It was asked that the grounds be beautified, be made a pride and joy to all that behold them. Time goes on! After more than two years the ground is still in its virgin state. May I ask, "Mr. Advocate of Woman Suffrage," why? I will tell you. Lack of interest, interest that should come next to the home.

Does it matter so much whether the "Tender Twining" or the "Sterner Sex" (pardon me for quoting you so much) be elected trustee if the duties of office are faithfully fulfilled?

Once more. Do you think the mother you wrote about would be proud of her son's adjective filled correspondence, the slushy writings and ravings that appear in the weekly paper?

Wake up and get a tighter grip on yourself and your home town justice.

Yours for progressiveness,
EFFIE MAHANY.
